This side of Trail Guide designed and produced by BLM, Idaho State Office, Geographic Services. Base Map information compiled from 1:24,000-scale U.S. Geological Survey Digital Line Graphs, 10 meter level 2 Digital Elevation Models and other sources. "Land ownership" compiled from BLM and other agency records. Even though every effort was made to depict the road/trail network and other features as accurately as possible, BLM cannot guarantee road classifications and/or positional accuracy of roads and other features in all cases. Additionally, the "land ownership" should be used as a general guide only. Official land records, located in BLM and other land management offices, should be checked for specific information concerning any specific tract of land. Spatial data may not meet National Map Accuracy Standards. No warranty is made by the Bureau of Land Management for use of this data for purposes not intended by BLM. (Revised March 2009)
