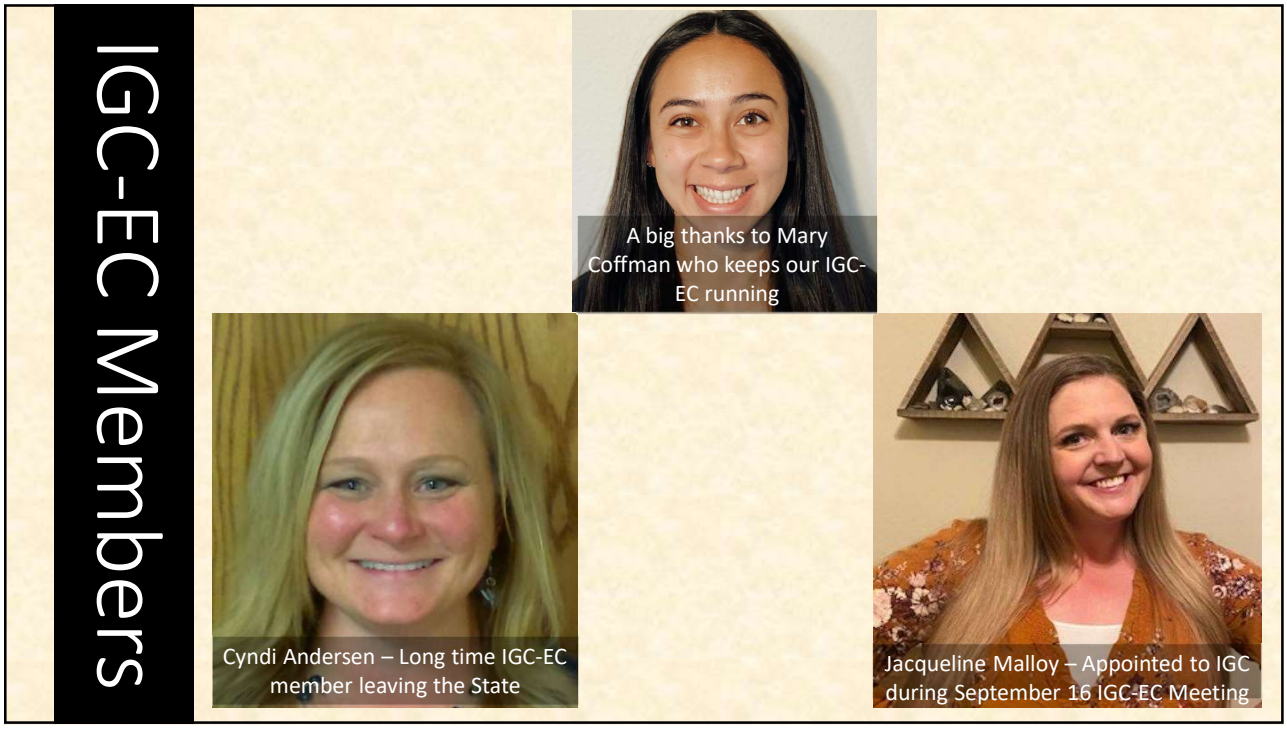
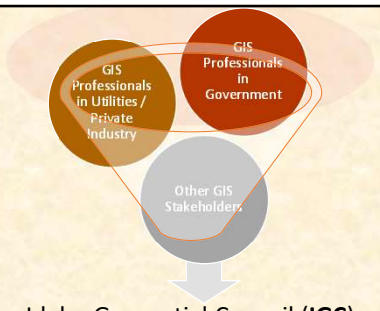
Tom Carlson
Betty Conces

3



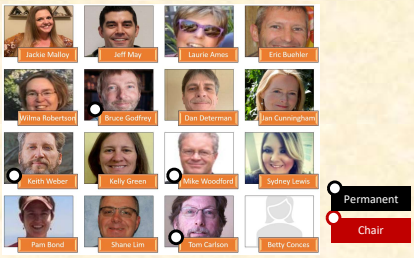
IGC-EC Members
A big thanks to Mary Coffman who keeps our IGC-EC running
Cyndi Andersen – Long time IGC-EC member leaving the State
Jacqueline Malloy – Appointed to IGC during September 16 IGC-EC Meeting

4



Idaho Geospatial Council (**IGC**)

Which in turn elects the **IGC-EC**:



IGC-EC Chair is a member of the Information Technology Authority (**ITA**)

Objectives of the IGC:

- Work collaboratively toward realizing TIM
- Participate in and support the work of the Data Framework Technical Working Groups
- Provide feedback to IGC-EC
- Elevate issues and solutions for IGC-EC consideration

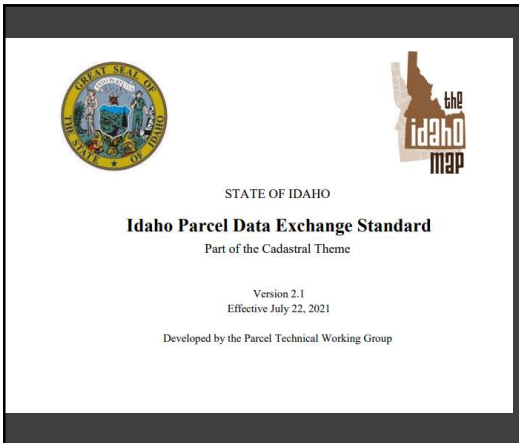
Objectives of the IGC:

- Coordinate the development of Geographic Information statewide
- Address legal and policy issues for the distribution of Geographic Data
- Enable Access to Geographic Data
- Support collaboration and data sharing

Objectives of the ITA:

- Reviews and evaluate IT and telecommunications systems
- Prepare statewide IT and telecommunications plans
- Identify technology opportunities
- Monitor statewide programs to ensure they are effective, beneficial, and utilized on a statewide basis

5



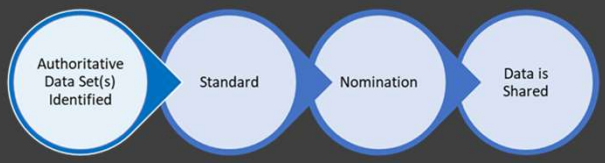
STATE OF IDAHO

Idaho Parcel Data Exchange Standard

Part of the Cadastral Theme

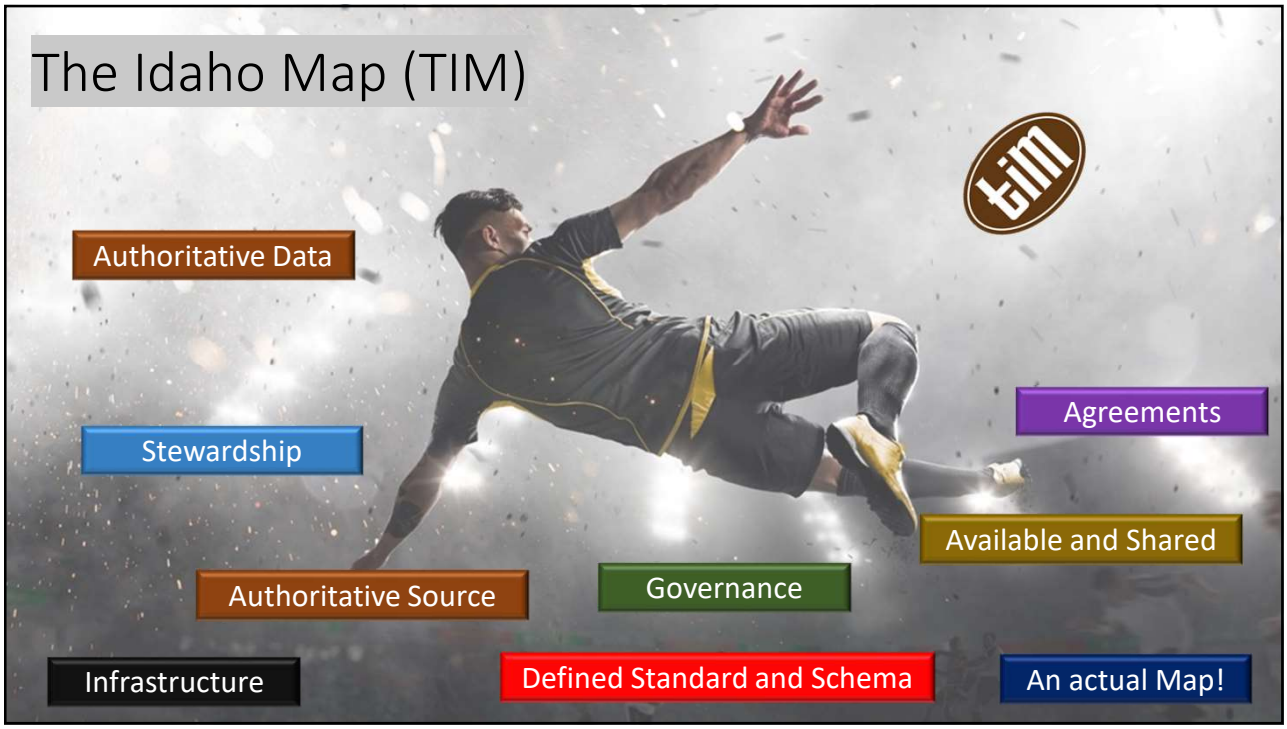
Version 2.1
Effective July 22, 2021

Developed by the Parcel Technical Working Group



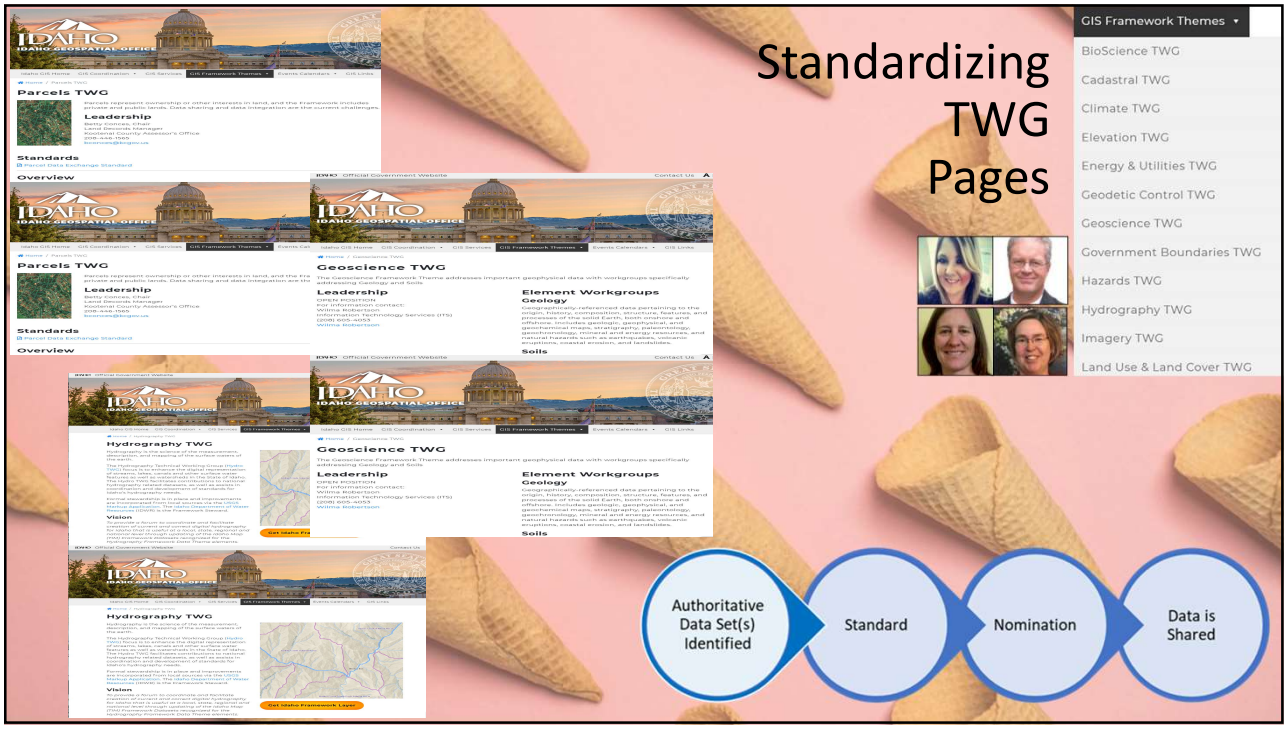
Updated Parcel Standard Approved!

6



The Idaho Map (TIM)
Authoritative Data
Stewardship
Authoritative Source
Infrastructure
Governance
Defined Standard and Schema
Agreements
Available and Shared
An actual Map!

7



Standardizing TWG Pages
GIS Framework Themes
BioScience TWG
Cadastral TWG
Climate TWG
Elevation TWG
Energy & Utilities TWG
Geodetic Control TWG
Geoscience TWG
Government Boundaries TWG
Hazards TWG
Hydrography TWG
Imagery TWG
Land Use & Land Cover TWG
Authoritative Data Set(s) Identified
Standard
Nomination
Data is Shared

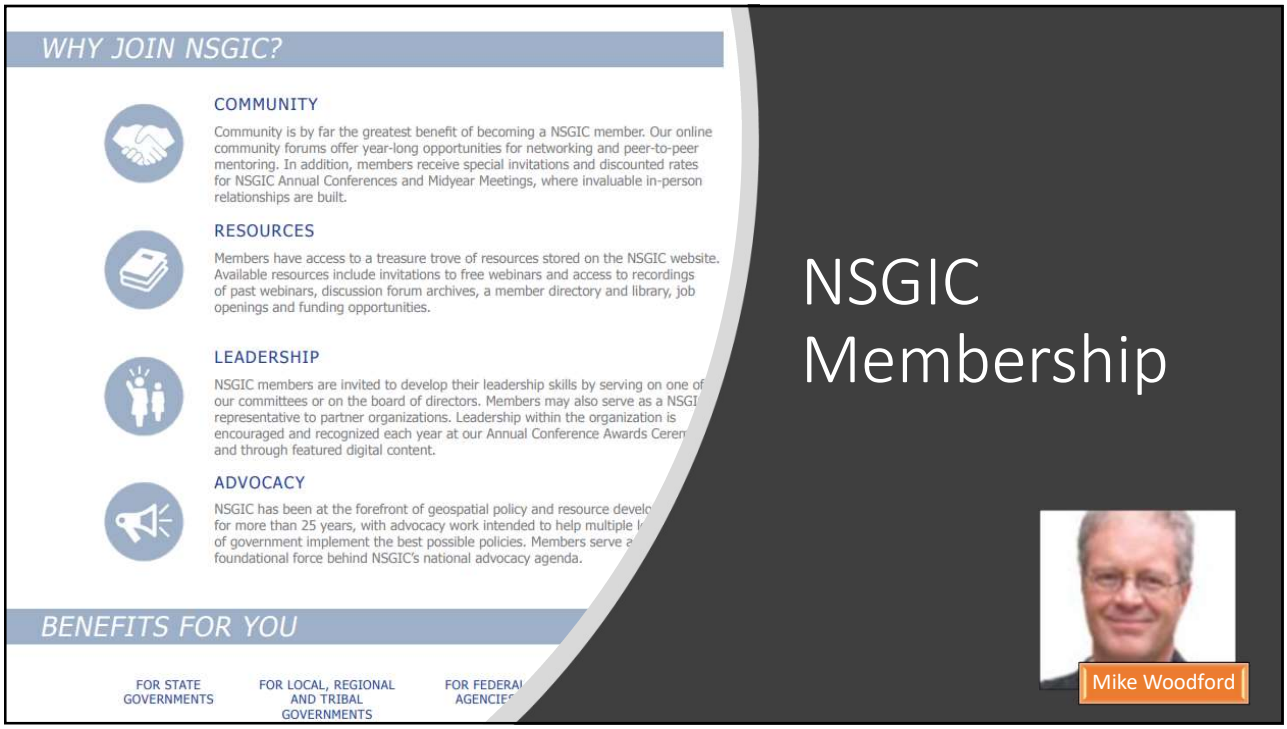
9

GIS Records Retention

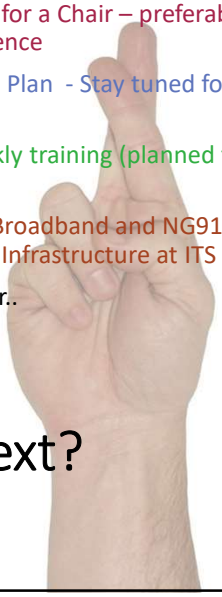
Keith Weber

10



11

- More Standards, nomination and approved TIM Layers
- Re-invigorate the Cadastral TWG – Planned meeting in November. Looking for a Chair – preferably someone with Parcel Fabric Experience
- Idaho's GIS Strategic Plan - Stay tuned for Mike's Presentation this afternoon
- Desktop to Pro weekly training (planned for 10 weeks starting in November)
- Fingers crossed for Broadband and NG911 Funding to expand GIS Capabilities and Infrastructure at ITS
- Need TWG Chairs for..



What's Next?
