

October Transportation TWG Meeting

Thursday, October 3, 2024 10:00 AM

Meeting Chaired and Hosted by Sydney Lewis, TWG Chair

Attendees: Sydney Lewis, Bradley Bean, Abigail S, Michael Bishop, Marc C, David Coladner, David Duty, Greg Wallingford, Elaine Guidero, Jordan B, Matthew Syphus, Nicole Hanson, Noah Williams, Phoebe Wallace, Felix Liao

Updates on Road Data (Topic Contributor - Sydney Lewis):

Continued data warehouse and infrastructure updates

Milepost Linear Referencing Method in progress

Standards to be targeted include road network, mileposts, historical turnout signs

Roads and Highways LRS upgrade underway - No current timeline, but there is a service currently available

Open Data Portal

Question (Matthew Syphus) - Will the new milepost data include segment codes still?

Answer (Sydney) - No, the new system will use Route ID instead.

Boat Ramps (Topic Contributors - Sydney Lewis, Bradley Bean, Jordan Barickman):

We are arranging a smaller group to specifically talk about Boat Ramps, first meeting to be held 10/9/2024 at 10am.

(Jordan) We should focus on standards. Some needs include a standardized list of water body names as well as what they are called locally, as well as boat ramp names and getting a better way to track water body size that is not boatable acres.

Open Discussion

Question () - Does anybody know where FEMA 100 and 500 year flood data is?

Answer (Bradley Bean, Others) - They have changed terminology to 1% chance and 0.2% chance, and it can be found on the FEMA site.

Answer Links: <https://idwr.idaho.gov/floods/map>, <https://www.fema.gov/about/glossary/flood-zones>

Question (Bradley Bean) - Any update on when we can start to put together a more robust Road dataset for a standard and nomination?

Answer (Sydney Lewis) - Still waiting on ITD updates/upgrades, but getting closer.

Action Items:

Create smaller group for defining Standard for boat ramps (Bradley Bean to organize) - First Meeting 10/9/2024, 10am

Potential Topics for Future Meetings (Holdovers from August Meeting):

Alleys and Access Roads

Bike and Pedestrian Data From Other Sources

Providing Data for Open Sheets/Open Trails

Next Meeting:

(Tentative) December 5th 2024, 10am
